TOTALLY RAD TWO PAGE Halloween Special!!! By Russ.

Super brief intro on Halloween:

soooo.....

Druids (celtics) celebrated something called Samhain to the appease the dead. They laid out treats and mimicked the spirits (hence the costumes) to prevent them from messing up their lives.

Halloween's fun, every year it changes. Here are the highlights of my previous halloweens.

long long time ago:

participated in an insane all out Brawl!!

sometime ago:

Broke into someone's house for candies.

not that long ago:

Chillin' in starbucks after Rancho.

Eating terrible pizza.

So with Halloween approaching (it's on a friday!!!) I've decided to do a little survey, asking different cliques/groups/gangs/crews some stuff on Halloween.

INTRO↑

TOTALLY COOL SURVEY

Part 2 of awesome 2 pages

#1) Do you enjoy Halloween?

2 Best part of Halloween?

This survey is pretty terrible. So what?

HORROR GAME INTRO

Ib

Created by Kouri

Genre Horror, Puzzle, Dark fantasy, Art, RPG

Endings 7 in total, 1 true end

One day, young Ib visits an art museum of Weiss Guertena with her parents. After seeing an eerie painting, she realizes that everyone in the museum has disappeared, she is lost and all alone.
While searching through the corridors, artworks of Guertena suddenly come to life. They do not take intruders kindly. Ib must escape this museum before her sanity slips, or else the gallery shall trap her forever.

Ib comes upon a red rose with 5 petals, each representing a fifth of her life. The moment all petals fall, she shall perish along with the rose.
Ib also encounters Garry and Mary, other victims of the museum. But who is to trust? Will the three escape successfully? And who shall become the sacrifice for their freedom?
